DETAILED ACTION

Response to Amendment

1. The amendment filed June 28, 2004 is supported by the specification and has been fully considered.

Allowable Subject Matter

2. Claims are allowed.
3. The following is an examiner's statement of reasons for allowance:
 - a. Although Hauck et al. (US 6,309,792 B1) generically teaches to use all polymers or polymer mixtures as the polymeric binder, acrylic acid copolymers and methacrylic acid copolymers are exemplified (column 4, lines 29-45). There is no suggestion to specifically incorporate a binder that is free of acidic moieties as required in the present claims.
 - b. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
